Short List of Abstracts on CAD That the Experts are Looking Forward to Seeing at ASH 2023

Abstract	Title	Presenter	Date/Time	Location
1069	Classical Complement Inhibition By SAR445088 (BIVV020) in Adults with Cold Agglutinin Disease: Safety, Tolerability and Activity Results from the Open-Label, Non-Randomized, Single-Dose Phase 1b Study	Shirley D'Sa, MD, FRCP, FRCPATH	Saturday, December 9, 2023 5:30 PM - 7:30 PM	Halls G-H
3833	Combined Safety Data for Sutimlimab in Cold Agglutinin Disease: A Post-Hoc Analysis of the Phase 3 Cardinal and Cadenza Studies	Catherine Broome, MD	Monday, December 11, 2023 6:00 PM - 8:00 PM	
5066	Using a Quality Improvement Activity to Enhance the Knowledge, Competence and Confidence of Clinicians Managing Patients with Cold Agglutinin Disease	Alison Scott, PhD	Monday, December 11, 2023 6:00 PM - 8:00 PM	
3835	A US Retrospective Observational Study of Rituximab Use in Cold Agglutinin Disease	Caroline I. Piatek, MD	Monday, December 11, 2023 6:00 PM - 8:00 PM
